

Neonatology Solutions NICU Directory - 830 Units Nationwide

Scott Snyder, MD

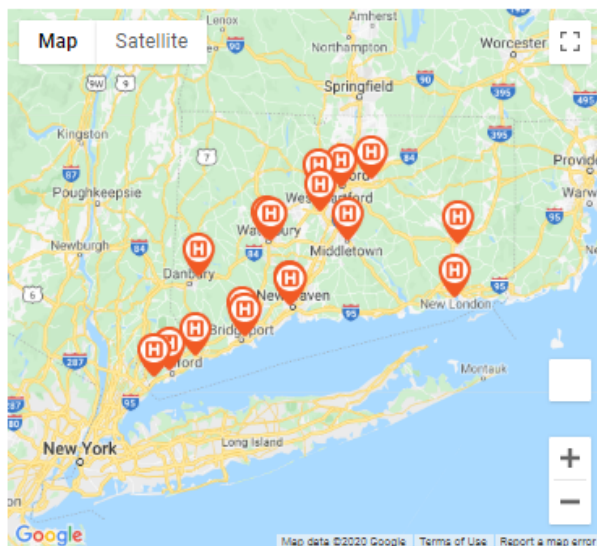

We are pleased to report continued progress on the development of the Neonatology Solutions NICU Directory. We have

now reached 830 NICUs, with the recent addition of NICUs in NY, NJ, MD, PA, and DE.

Additionally, we have begun development of State Summary Pages to provide an overview of the neonatal care offered. The State Summary Pages provide information on the number of Level II, III, and IV NICUs, neonatology groups, VON members, current job postings, upcoming conferences, and also links to state-based resources.

[Parent Education](#)

Connecticut

17 NICUs

281+ Beds

Level IV

2

Level III

11

Level II

4

Neonatology Groups

7

Neonatal-Perinatal Fellowship Programs

2

Vermont Oxford Members

10

Job Postings = 3 positions

Skip To: [Neonatology Groups](#) [Fellowship Programs](#) [Job Postings](#) [Upcoming Conferences](#) [VON Members](#) [Helpful Resources](#)

NICUs (columns can be sorted)

Hospital	Level	Beds ^
St. Mary's Hospital	Level II	9 Beds
Greenwich Hospital	Level III	10 Beds
Waterbury Hospital	Level III	14 Beds
Lawrence and Memorial Hospital	Level III	14 Beds
Norwalk Hospital	Level III	16 Beds
Hospital of Central Connecticut	Level III	16 Beds
Stamford Hospital	Level III	16 Beds
Bridgeport Hospital	Level III	20 Beds
Danbury Hospital	Level III	21 Beds
Saint Francis Hospital and Medical Center	Level III	28 Beds

We currently have summaries completed for the following states – CT, ID, KY, MA, ME, NC, NH, ME, RI, SC, VA, VT – and will be continuing to build these summary pages as NICU data is compiled for each state and the Directory reaches completion.

At Neonatology Solutions, our goal is to provide the most comprehensive information on the web regarding the size and scope of NICU programs, as well as key contact names, email addresses, and phone numbers to facilitate networking, collaboration, and career planning for fellows and neonatologists.

“Your assistance is most appreciated. Please click the link to the Directory, search for your program, and update any missing or incorrect information. There's a convenient data submission link right on the Directory, or feel free to reach out directly to Scott Snyder, MD via email at scott@neonatalogysolutions.com.”

Your assistance is most appreciated. Please click the link to the Directory, search for your program, and update any missing or incorrect information. There's a convenient data submission link right on the Directory, or feel free to reach out directly to Scott Snyder, MD via email at scott@neonatalogysolutions.com.

Thank you to everyone who has submitted their NICU information! As always, we welcome comments and feedback on how to make the resource more useful and relevant.
