

Neonatology Solutions NICU Directory: Work Resources

Scott Snyder, MD

We recently received a request from a Neonatology job seeker to include the "number of hospitals covered" in the search parameters. Whether you're looking for a job with the simplicity of covering a single site, or whether you prefer the variety that a multihospital practice provides, you now have the ability to narrow your search to meet your preferences.

<https://neonatalogysolutions.com/search-open-positions/>

On the NICU's Currently Hiring page, we allow you to search

"As always, we appreciate any feedback regarding how to make this site the most valuable free Neonatology resource on the web."

for open positions by NICU Level, Type of Practice, Group Size, Corporate Company, State, AAP District, and now number of hospitals covered by the practice. We also have a check box to search for Leadership Positions only. There are currently 149 NICUs with open positions listed on the website.

As always, we sincerely appreciate your feedback. If there are any other ideas or suggestions for improved functionality or additional features, please do not hesitate to contact us directly at <https://>

CAREER PLANNING | Finding the Right Practice

NICUs Currently Hiring

Now its time to see what is out there. The following jobs have been sourced from various online job boards and are updated daily.

Use the following search feature to filter and look for specific types of jobs and open positions.

NICU Level <input type="text" value="Select One"/>	Practice Type <input type="text" value="Select One"/>	Group Size (Neos) <input type="text" value="Select One"/>	Corporate Company <input type="text" value="Select One"/>
State <input type="text" value="Select One"/>	AAP District (View map here) <input type="text" value="Select One"/>	City Size <input type="text" value="Select One"/>	Hospitals Covered <input type="text" value="Select One"/>
Hospital <input type="text" value="Search by Hospital Name"/>		<input type="checkbox"/> Leadership	
<input type="button" value="RESET"/>			

Did you know that premature and low birth weight babies have a 4x greater risk for SIDS?

At First Candle we're educating parents, grandparents and caregivers about safer sleep to make sure all babies reach their first birthday. Learn more at firstcandle.org
